Erratum

Unfortunately, the original version of this article (Christie et al. 2015) contained an error relating to Figs. 1–4.

During production, the Figures were reordered and the Figure citations throughout the article were not corrected alongside. As a result, references to each Figure throughout the text were not correct—this has now been corrected in the original article. The correct order of Figures is as follows:

- Fig. 1. Demographics of respondents.
- Fig. 2. Daily security concerns facing participants.
- Fig. 3. Ranking of general trust in opinion makers.
- Fig. 4. Ranking of trust of opinion makers in relation to volcanic hazards.

Additionally, Fig. 4 was published using an incorrect file. The Figure should have appeared as below, which has also been updated in the original article:
